Improved to give the best the Internet
Flash Player 11 shows a quantum leap
over previous versions. It has a new
designed to take full advantage of

Click on the green **Visit Site** button

Click the orange **Continue to download** button

Adobe Flash Player

Version 12.0.0.44

[System requirements](#)

Your system:

Windows 64-bit , English, Firefox

Optional offer:

- Yes, install the free **McAfee Security Scan Plus** utility to check the status of my PC security. It will not modify existing antivirus program or PC settings.

 **McAfee**® | Security Scan Plus

[Learn more](#)

Caution – see the checkbox for free McAfee – **UGH !!**

Optional offer:

- Yes, install the free **McAfee Security Scan Plus** utility to check the status of my PC security. It will not modify existing antivirus program or PC settings.

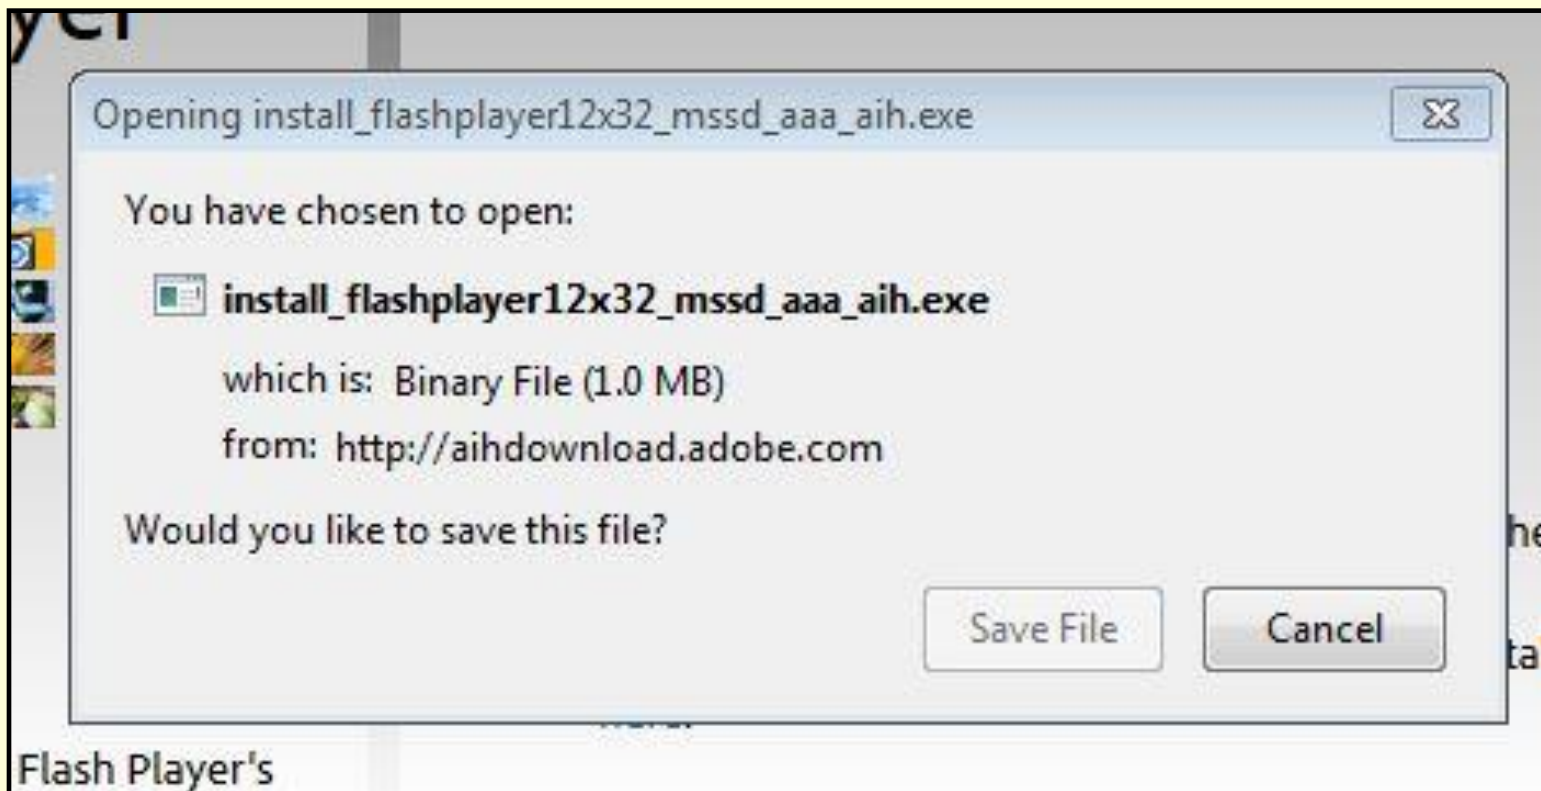

Uncheck these Boxes. You do not want this ineffective McAfee program

Note: Your antivirus software must allow you to install software.

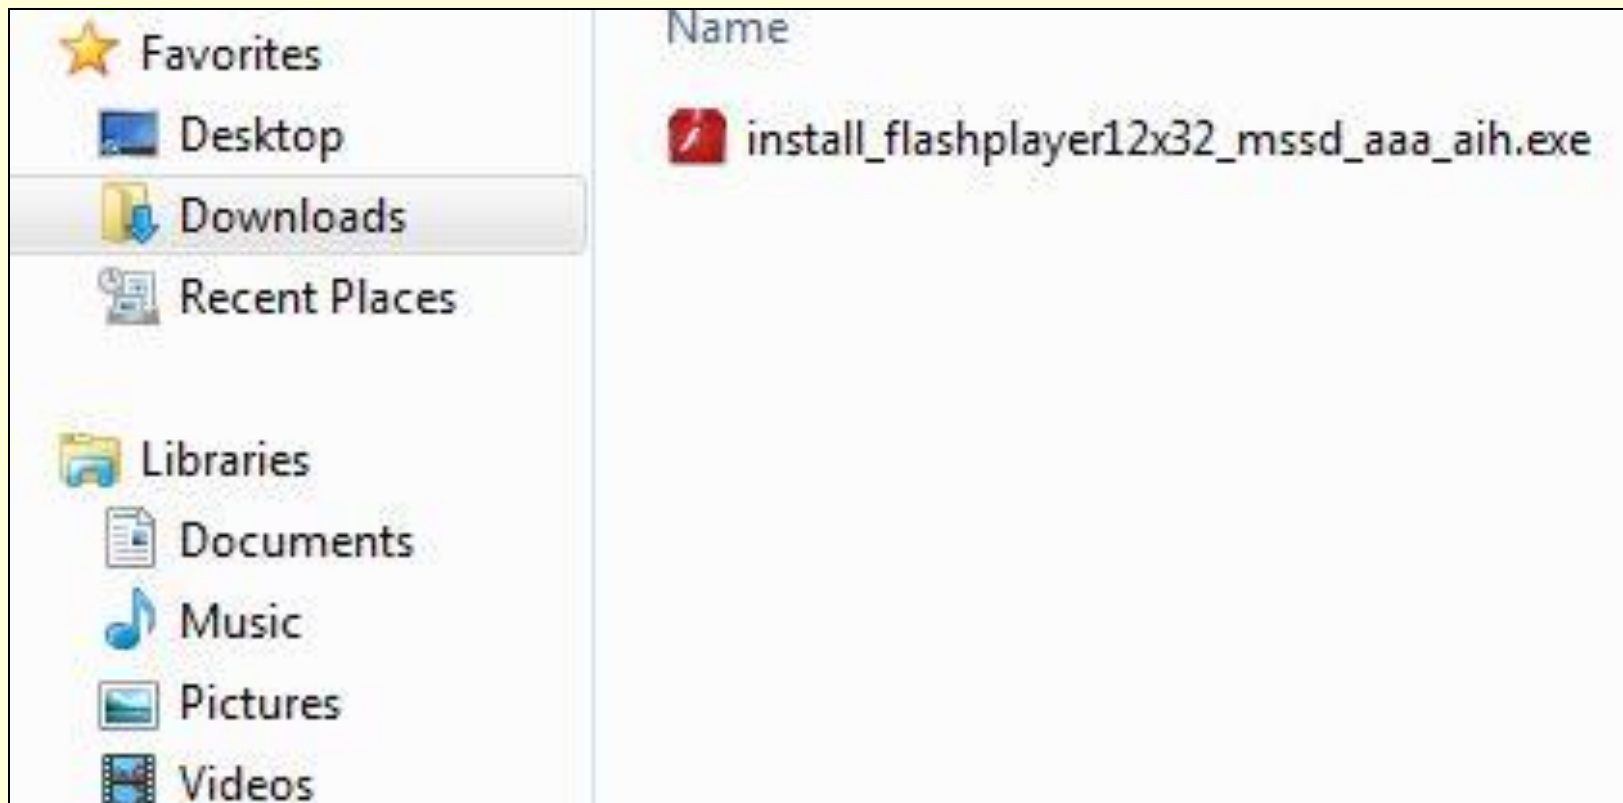

Install now

Total size: 17 MB

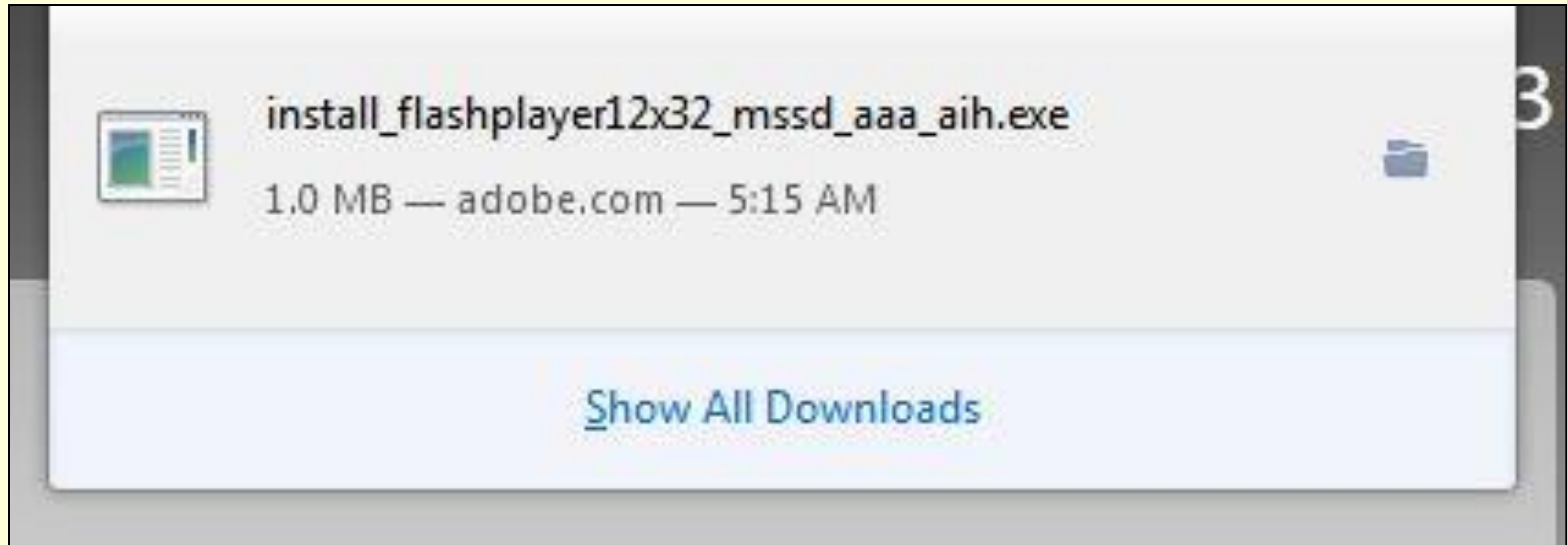

After **unchecking McAfee**,
click the **Install Now** button

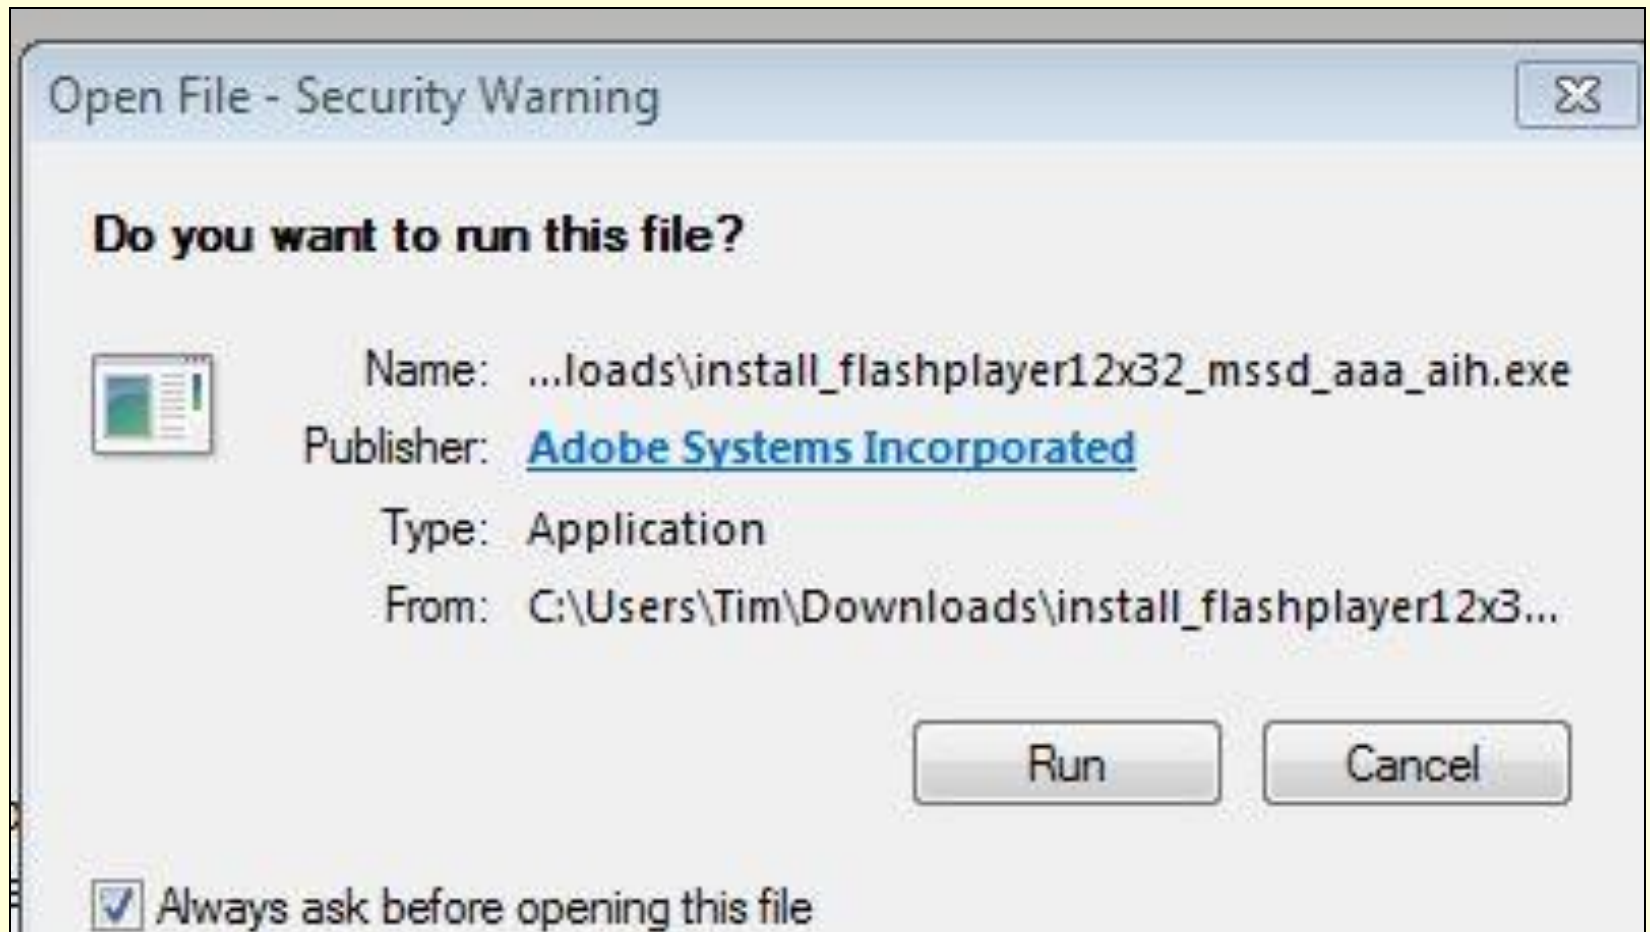

Click on **Save File** to save it to your hard drive

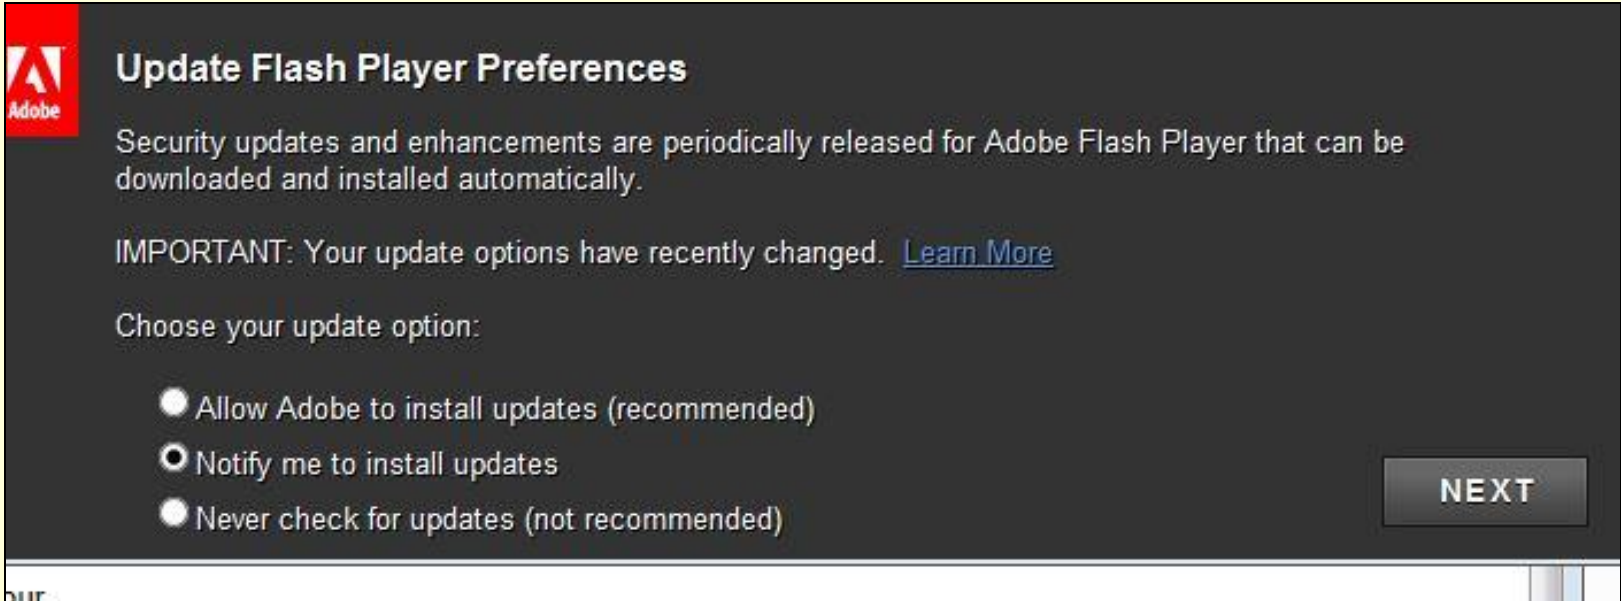

Go to your Download folder and find this saved file you downloaded.

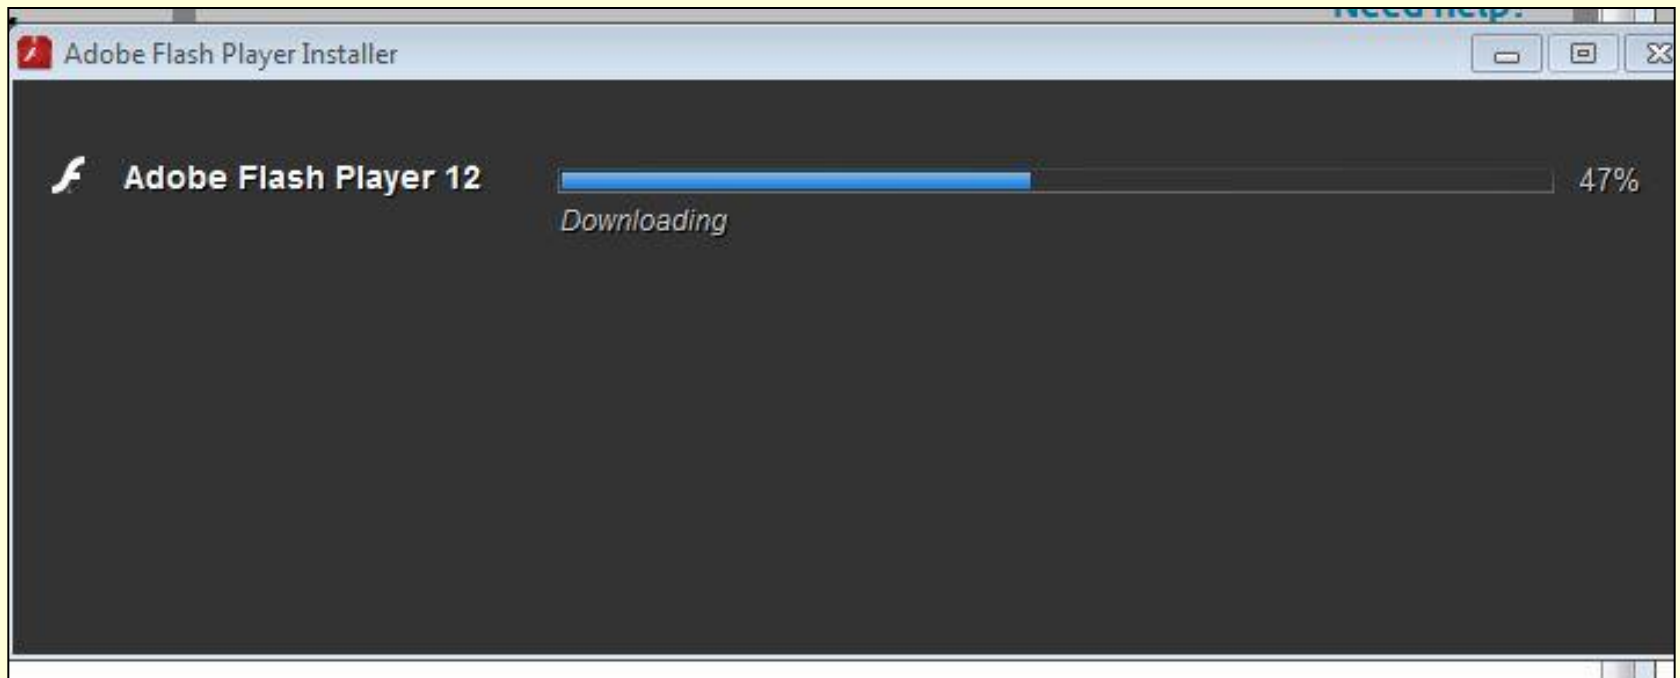

Another view of the same
saved downloaded file

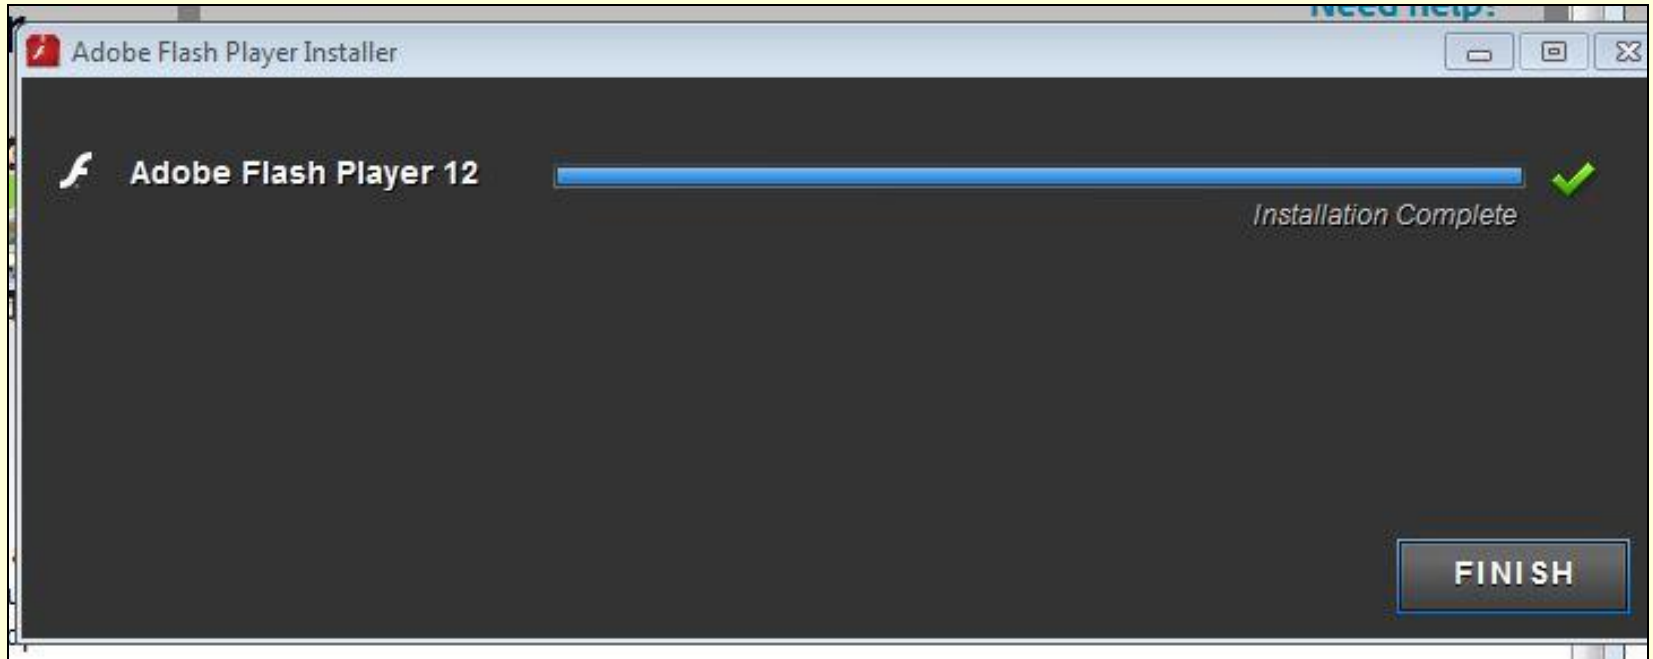

Double click on that file and when you get this question – click **Run**

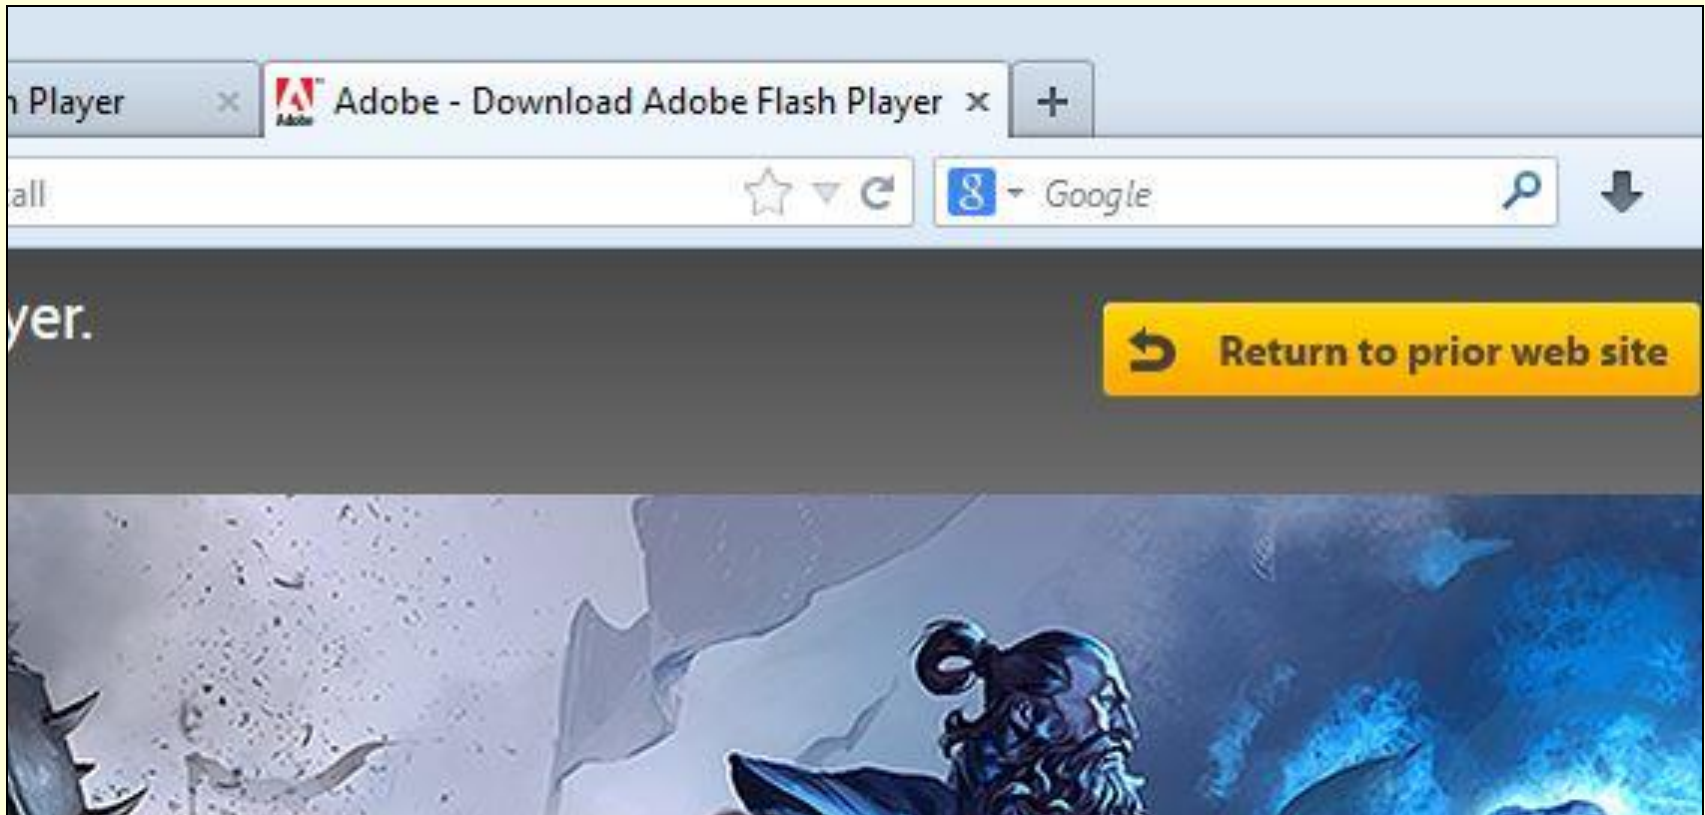

When you get this screen, select the **Notify** button

Installation takes awhile to complete

When fully installed, you get a green check mark

At the end, Adobe site comes up to Thank You for using their free software. Close out those windows.
