Mac Studio Quick Start Steps: Scanning Slides

Step 1: Touch the power button on the side of the scanner to turn it on.

Step 2: Open the top of the scanner and locate the white mat inside the cover.

Step 3: Slide the mat upwards to remove it.

Step 4: For 35mm slides, you'll need to use a slide holder available at the Research Desk.

Locate the "C" tab on the holder.

Step 5: Locate the "C" on the scanner. Place the **Step 6:** Place your slides into the openings of holder on the scanner bed so that the two "C"s the holder. align.

Step 12:

The Picture Folder on the desktop will open and contain your file. The file will be the same size as your original slide, but at a high resolution allowing you to print it at up to 8"x10" with excellent quality.

For more information on saving or emailing files see the FAQ document "What should I do with my files?"

Funding for this grant was awarded by the Illinois State Library, a Department of the Office of Secretary of State, using funds provided by the U.S. Institute of Museum and Library Services, under the provisions of the American Rescue Plan Act of 2021 (ARPA).
