Library Director Report September 16, 2021

- 1. **Consent Agenda**. This is agenda item number 5. Any item on the consent agenda can be removed by request and discussed and voted on separately. All items on the consent agenda this month are standard business operations.
- 2. Approve 2022 Budget and 2021 Levy Resolution. This is agenda item number 6. Based on the feedback during the September 2 meeting, there are minimal changes to the draft 2022 budget (version 2). There are no changes to the bottom line in any funds as compared to version 1.

The following increases to expenditures were allocated from the Salaries line:

- Allocate \$40,000 across AV and Print materials purchases (Hot Picks seed money)
- Increase Other Consultants by \$23,400 (website firm, inadvertently left out of the original draft)

Levy information:

- Overall levy change from 2020 request: 1.25% (\$144,908)
 - Library Fund levy change: 1.39% increase (\$139,308)
 - Debt Service Fund levy change: .35% (\$5,600)

As was the case last year, the Appropriation budget shown on our levy documents reflects a 20% increase from the working budget to account for additional expenditures due to unexpected circumstances. The Appropriation budget sets a limit on what we can expend in 2022, and we cannot levy for more than we appropriate.

"I move to approve Resolution No. 2021-3 Certifying the 2022 Appropriation Budget and 2021 Tax Levy, and the 2022 Working Budget as presented [amended], including the 2022 salary scale and capital expenditures."

Each year a Trustee and the Executive Director typically attend the Village levy hearing, which is on November 2, 2021 at 7:00 p.m. The final adoption will be November 16.

3. Reopening Report. This is agenda item number 7. As briefly reported at the September 2 meeting, we have made the decision to move all planned indoor, in-person programs to virtual through the end of 2021. In addition, public meeting room usage will not be allowed through 2021. If the spike in the pandemic decreases, we sincerely hope to be back to "normal" in early 2022. Making decisions like this in advance allows us to plan and communicate effectively to the community and provides some stability in library operations.

8. July 2021 Library Activity

Trustees reviewed the Library report and asked questions. Director Reynders reported that the library is well positioned to provide contactless service should the pandemic worsen, since we offer parking lot pickup service to patrons and have safety measures in place for staff to work in the building. Staff are already looking at the program schedules, closely monitoring the situation, and will adjust from inperson to virtual programming accordingly.

August 2021

Circulation

- Circulation staff have enjoyed learning more about a possible new service offered by Sirsi-Dynix called Click and Collect. Circulation Staff have tested the system themselves as well as opening up to library staff to test the various capabilities of a potential new curbside technology. It has been fun to test the system and see how it might replace our current curbside service, Parking Lot Pickup. [New normal; remove patron barriers]
- 2) Circulation was happy to receive six new blue carts for our workroom. We were also happy to send 12 old carts to the Friends of the Library to help them during book sales.

Community Engagement

- We held a back-to-school event at Blackhawk Estates mobile home park where we interacted with close to 200 residents. The Des Plaines and Elk Grove libraries were also in attendance, and we worked together to register children for library cards via the Cards 4 Kids program. [Support school catch up]
- 2) We participated in two large-scale community events: Downtown Block Party and the Celebration of Cultures. We had close to 200 table visitors at the Block Party and 80 participants in our three sessions of Lotería at Celebration of Cultures.

3) We attended the Village's Age Friendly Task Force first meeting and worked on a draft of a survey to identify and prioritize areas of focus regarding community livability, especially as it pertains to older adults. The task force is charged with analyzing the data and drafting an action plan for implementation by the end of 2022.

Fiction/AV/Teen

- This year's teen Summer Reading Challenge (SRC) was successful: 381 patrons registered, falling just short of the 2019's pre-pandemic signups. 51% of participants read at least three books to reach the threshold of receiving a free book as a prize. The use of Beanstack appeared to greatly improve access: total books read in 2021's challenge went up 46% compared to 2019's pre-pandemic total.
- The adult SRC also delivered excellent results: 517 patrons registered, improving upon 2019's prepandemic registration by 9%. Total books read rose 60% over last year's challenge (which was in turn a large increase of 2019's total).
- 3) Notable patron comments:
 - a. "You have such good displays here that I always end up getting more than I was planning on."

b. Per a staff member: "An Arlington Heights borrower came in looking for recommendations for her son. She said she likes to come to our library because she likes our collection and recommendations."

Reference

- 1) We worked with Emily Dattilo, Executive Director of the Mount Prospect Historical Society, to create two displays of items related to the history of Mount Prospect schools. The displays are in the genealogy room and consist of photos, items, and information from the Historical Society and the Library's Local History File. We also toured the site of the former Keefer's Drugstore in the Prospect Place shopping mall to look for items that might be of historical value before the building is torn down to make way for a new development.
- 2) We helped a father fill out a resume on the youth computers so he could keep an eye on his young children. He was halfway through filling out a resume template that would have required him to pay a fee at the end to download the PDF. We helped the patron find a free template online and helped him save the completed resume to his email.

Registration

1) We gave out about 450 adult masks and 50 children's masks during the month of August while patrons adjusted to new recommendations and mandates to mask indoors. [New normal]

South Branch

- We had a total of 153 patrons of all ages participate in Summer Reading at South Branch, with 47 people completing. Our guessing jars were a big success, giving patrons coming into the South Branch a unique prize to compete for.
- We reviewed and revised our operations procedures and created an online manual that will allow information to be accessed and updated more easily. Included is appropriate information from the CCC operations manual.
- 3) We hosted a successful outdoor STEM program "Balloon Science" with 24 attendees that included three experiments with balloons and explained the science behind what happened. Participants had an opportunity to try the experiments themselves and take a kit home to show their friends and family what they learned.

Youth Services

 This year's Summer Reading Challenge successfully brought a lot of families back into the library. Registration doubled from 2020 to 2021, with 773 and 1,541 participants respectively. This year was about 29 percent less than the pre-pandemic average (average from 2010-2019 = 2,174). A total of 723 kids read for at least 30 days to complete the program and receive a new book of their choice. This is a 47% completion rate, well above the 36% from 2020.

- 2) We connected with teachers in Districts 26 and 59 and two childcare centers to provide the Outreach Summer Reading Program to their students. To best serve District 59 students, we partnered with their home libraries in Elk Grove Village, Des Plaines, and Arlington Heights to present programs. A total of 575 students attended 39 storytime and booktalk presentations. [Support school catch up]
- 3) 121 people attended our first outdoor Super Saturday at the Veteran's Memorial Bandshell. It was the library's first time holding a youth event at this location, and musical group ScribbleMonster played a mix of traditional and original songs while incorporating books.

Building & Security

- Our boiler replacement project was completed on August 20th and included inspections from the manufacturer and the Village of Mount Prospect Building Department. Resulting from the inspection was a new project requiring the installation of cutoff switches at the bottom of the penthouse stairs.
- 2) The main library had an emergency closure on Monday, August 16th due to a gas leak. The emergency relief valve on the gas main had failed and was allowing the full flow of natural gas to escape. We evacuated all staff and patrons from the building and eventually made the decision to close for the remainder of the day while Nicor was repairing the valve.

Collection & Bibliographic Services

 One of our vendors, Ingram, has warned us that current issues in logistics and publishing will likely impact our ability to receive our ordered materials by the end of the year. This is a frustrating situation, but we are at the mercy of publishers' release schedules and their ability to promote, produce, and ship materials.

Communications and Creative Services

- 1) We executed straight forward, fast, and accurate messaging during the gas leak to communicate to patrons the emergency closure. Facebook, Twitter, and our website are effective channels for this kind of scenario. When we were safe to do so, we used door signage to show the library was closed.
- 2) On August 11, 7 p.m., we had over 80 people in attendance for the program National Parks: A Virtual Tour. The presenter lost power in her home and her computer was not fully charged, and staff lost power due to storms and severe weather a half hour later. We asked the audience to join us again the next day at the same time using the same link, and successfully conducted the program from the library's Zoom Room with many of the attendees rejoining.
- 3) With all the modifications in pandemic guidelines, we have been successful at keeping track of all the programming changes:
 - a. Finalized copy and registration details with programmers to publish 73 events to September public calendar.
 - b. Designed template work-around to track registration for potential Hybrid programs: simultaneously present to in-person and virtual audience.
 - c. Designed process to quickly change program format on the public calendar in anticipation of the move from in-person to virtual.

Human Resources

- 1) Number of terminations: 2; Number of new hires: 5
- 2) Open positions: Youth Programming Librarian (offer extended and accepted from internal candidate) and Elementary School Outreach Coordinator

- 3) Staff anniversaries: Judith Orr 20 years; Marjorie Johnson 15 years; Debbie Evers 15 years
- 4) Employee of the Moment: Dale Heath, Research Services Department Head

Information Technology

- 1) One of our three VMware physical hosts is in the process of getting replaced. Virtual servers on that host will be temporarily migrated to the other two hosts during the replacement process and there will be no downtime for this server replacement.
- 2) Six iPads that were in the Youth Family Place have been replaced and are now being used for inhouse lending to patrons.

Learning

- 1) Because we have seen an increase in patrons needing social services, we offered two staff training sessions:
 - a. "Helping Patrons in Need of Social Services," presented by staff from the Village's Human Services Department. They recommended a course of action for patrons needing social services, identified resources to call upon in addition to Human Services, and provided strategies for managing interactions with patrons in need of services. A Q & A session provided an opportunity for staff to relay experiences with patrons and get feedback from the social workers as to how to respond in positive and proactive ways.
 - b. "Ryan Dowd Core Training Librarian's Guide to Homelessness," a three-hour recorded training that provides practical techniques when interacting with patrons who need emergency social services.

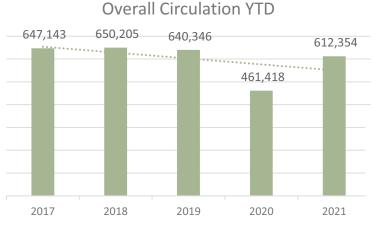

Friends of the Mount Prospect Public Library

- 1) The Friends Board and Building Services Staff continue to work on reorganization of the lower-level space, and plan to accept donations beginning September 7.
- 2) Friends are planning a Holiday Book Sale in November; the date will be announced when the decision is made.

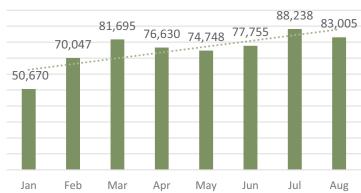

Mount Prospect Public Library Foundation

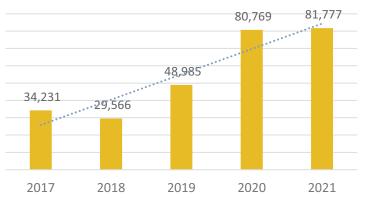

1) The Foundation continues to contact businesses for Fall Raffle prize sponsorships, as well as designing an online raffle using the RallyUp fundraising platform. October 1 is the targeted start date.
