

How to get my own library card

This is a library card. I need to bring it with me when I go to the library. The card lets me check out books and movies and use the computers.

This is the registration desk.

This is where I can get my library card.

To get a library card, I can visit the registration desk with mom or dad.

They will ask mom and dad some questions. I should wait with them while they are doing this.

Then I wait even longer while they ask
my parents more questions...

I sign my name on the back of the card.

Then I pick out my prize from the treasure chest!
